Renowned Kinship speaker and author Elaine K. Williams will give a presentation on current issues surrounding KinCare families, including talking about “When Helping Becomes Enabling.” Her unique presentations are both holistic and heart-centered, following her belief that we are always in a state of influencing and being in-fluenced by each other, so let’s be intentional about how we engage life and make it positive and meaningful.

The mission of the Idaho KinCare Project is to enhance the lives of KinCare families in Idaho by creating a safety net of resources and support. In Idaho alone, there are over 29,000 children who live in households headed by grandparents or other relatives.

CEUs and training hours available to Idaho social workers and child care workers. Child care workers, please RSVP by April 15th to qualify.

This is a free event, open to the public. Seating may be limited and is based upon availability .
